*Video guidelines for virtual applicants:

- You should record a single unedited video that includes both selections on your repertoire list.
- Your camera should record from a fixed position, 4'-8' feet from you, as if the voice faculty were seated in front of you.
- You should face straight forward to the camera as you would appear to adjudicators in a live audition.
- Your video recordings must clearly show your face and enough length to include hands and gestures.
- Please announce your name, as well as each song selection and composer.

Audition repertoire and sight-singing requirement:

Two classical selections to be sung by memory (may include an appropriate opera or oratorio aria). One song must be in English; the second song may be in English but a foreign language is preferred. In addition to the two required classical pieces, an optional third selection may be submitted in any style that demonstrates the applicant's interests. (Please note, if you choose to offer a third selection, we may hear only a portion, as time allows.) Please note, in addition to performing your audition repertoire, you will also be asked to sight-sing two selections. This will be required for both the in person and virtual audition modalities. For applicants who will audition virtually, we recommend having a tablet or laptop available for this requirement.

Trial Lessons:

Voice faculty are generally available to schedule private trial lessons. Please contact us if you are interested.

Ad Hoc Audition Requests

This year, the Voice Area will hold auditions on Sat. 11/21/26, Sat. 1/30/27 and Sat. 2/27/27. Whenever possible, undergraduate applicants should plan on auditioning on one of these dates. Applicants that are not available on any of these three dates may be able to audition on one of the graduate audition dates (Sat. 1/16/27 and Sat. 2/13/27) space permitting. Please note, these are the only five dates on which an applicant can audition live. Applicants that are not available on any of these five dates can submit a recorded audition for consideration. Virtual auditions are given the same consideration as live auditions. As outlined in the voice audition requirements, the virtual audition process consists of submitting a recorded audition via an unlisted YouTube link, after which the Voice Area will review the recorded audition to determine if the applicant can be advanced to the last part of the virtual audition process, which will consist of an interview and skills assessment via Zoom. Pending approval of their videos, applicants that are not available on any of the five listed audition dates may complete their Zoom interview and skills assessment on Tuesday, December 1st or Tuesday, February 23rd, during the

noon hour. Videos as described in the application process will be due on November 2 for consideration for December 1st and on February 8 for consideration for February 23rd for the interview and skills assessment. These are the only alternate dates to complete a voice audition. Applicants that are not available on any of these dates will not be able to audition for the Voice Area.
